

What is a Deka AGM battery?

Deka's AGM (Absorbed Glass Mat) Series uses a special absorbed electrolyte technology that is superior to conventional lead-acid batteries. This completely sealed valve-regulated battery line eliminates gas emissions and acid leakage for longer and safer battery operation.

What are Deka sealed GEL cells & AGM batteries?

Deka Sealed Gel Cell And AGM Batteries For Off-Grid Solar PV Applications. The East-Penn Deka Solar line of sealed gel & AGM batteries are field-proven with tens of thousands of solar installations all over the world.

What are Deka solar batteries?

Deka Solar batteries are valve-regulated, gel electrolyte or absorbed glass mat batteries designed to offer reliable power for frequent deep cycle solar power applications where minimum maintenance is required. Contact us toll-free: (877) 297-0014 for wholesale prices and complete systems using these batteries.

What makes Mk / Deka solar batteries different?

Advanced American Technology and the use of the most modern computer-aided design and manufacturing techniques combine to make MK / Deka Solar batteries the standard by which all other solar batteries are measured. Our Solar VRLA Sealed Batteries are the best the PV / Solar Battery market has to offer.

Why should you choose Deka solar batteries?

Deka Solar batteries are engineered and tested to provide reliable back-up power for Photovoltaic (PV) and renewable energy applications. Our steadfast commitment to quality and environmental standards has helped us achieve globally recognized certifications.

What are Deka 8A31DT AGM batteries used for?

Deka 8A31DT AGM Batteries are used for remote off-grid solar applications such as security systems, traffic signals, utility transmission towers, wireless smart meters, radio cabinets, rural Wi-Fi, remote telemetry, and SCADA systems.

Advanced American Technology and the use of the most modern computer-aided design and manufacturing techniques combine to make MK / Deka Solar batteries the standard by which all other solar batteries are measured. Our Solar VRLA ...

Batteries DEKA Solar 8A24UT-DEKA AGM Deep Cycle Battery 12V, 91 Ah@C/100 Hr Rate, T881 Terminal Part Number: 8A24UT-DEKA Manufacturer: MK Battery Voltage: 12 Length: 10.20 IN ...

The 8G31-DEKA Solar Valve Regulated GEL Group 31 battery offers reliable, versatile, maintenance-free power. The thixotropic gel enables these batteries to be completely spillproof providing many available options for installation. The ...

Advanced American Technology and the use of the most modern computer-aided design and manufacturing techniques combine to make MK / Deka Solar batteries the standard by which all other solar batteries are measured.

MK Battery is one of the largest sealed lead acid battery suppliers in North America. The Benefits of an MK / Deka Solar AGM Battery Sealed Absorbed Technology: Completely sealed; valve ...

Advanced American Technology and the use of the most modern computer-aided design and manufacturing techniques combine to make MK / Deka Solar batteries the standard by which ...

Deka Solar batteries are engineered and tested to provide reliable back-up power for Photovoltaic (PV) and renewable energy applications. Featuring, reliable, long-lasting backup power for Photovoltaic (PV) and renewable energy applications ...

The MK Deka 8AGC2-DEKA Battery 6v 220Ah AGM are designed for lighter duty mobility use, and

includes benefits such as, completely absorbing electrolyte for spillproof design, and has Sealed Absorbed Glass Mat technology.

Advanced AGM technology eliminates periodic watering, corrosive acid fumes, and spills. Microcat Catalyst lowers float current, decreases internal temperatures, and the risk of dryout. Epoxy-sealed posts eliminate leaks. Flame arresting, ...
