

The FranklinWH battery system is composed of two main parts: the aPower2 battery unit and the aGate energy management controller. These two components work together to provide whole-home backup, solar energy ...

Discover how Franklin Whole Home Batteries enhance energy resilience and sustainability by integrating seamlessly with solar systems. These intelligent batteries store ...

FranklinWH solution is an open and robust home energy ecosystem that integrates solar, battery, grid, generator and EV power sources, providing power backup during outages, peak periods, ...

Use this solar panel calculator to quickly estimate your solar potential and savings by address. Estimates are based on your roof, electricity bill, and actual offers in your area.

The Franklin Home Power System is more than just a battery--it's a smart, reliable way to manage your energy and protect your home. Whether you're looking to save money, reduce your carbon footprint, or stay ...

Learn about the cost, features, and performance of the FranklinWH Home Power system, a whole home backup solution with AC-coupled batteries and aGate device. Compare it with other ...

The Franklin Whole Home Battery (FHP) is a multifaceted energy control system capable of integrating the grid, home solar generation, backup batteries and even generators, which can ...

Discover how Franklin Whole Home Batteries enhance energy resilience and sustainability by integrating seamlessly with solar systems. These intelligent batteries store excess solar energy, provide reliable backup power, ...

The FranklinWH battery system consists of a battery unit, smart energy management unit, and a smartphone app. The FranklinWH battery can provide whole-home backup and charges from ...
