

# Government subsidy for portable pv container in Guernsey

Will Guernsey have a new energy policy in 2019?

The Energy Team are reviewing the current Energy Resource Plan which was published in 2011, with a view to bringing a new energy policy to the States of Guernsey in 2019.

How can Guernsey support a vibrant economy?

Supporting a vibrant economy - A clean, reliable, and affordable energy supply is a fundamental economic enabler. Establishing an environment for the development of on-island (including offshore) renewables will support the diversification and vibrancy of Guernsey's economy.

What is the energy transition in Guernsey?

In Guernsey, we currently rely on fossil-fuel based systems of energy production and consumption and operate a thermal power station. However, it is recognised that as part of the response to climate change, there is a need to transition to an energy mix with limited, if not zero carbon emissions. This is often referred to as the energy transition.

What is the Guernsey hydrocarbons supply programme?

The Guernsey Hydrocarbons Supply Programme (GHSP) began in earnest in December 2016 and is intrinsically linked to Energy Policy. Phase 1a of the GHSP assessed the risks identified within the current hydrocarbons supply chain, identified Guernsey's future demand and requirements, and identified a long list of options for the future.

Why should Guernsey invest in offshore renewables?

Establishing an environment for the development of on-island (including offshore) renewables will support the diversification and vibrancy of Guernsey's economy. A shift to decarbonisation in Guernsey will be an essential reputational advantage to support the growth of the green finance sector.

Does Guernsey Electricity need a 'accounting unbundling' exercise?

Guernsey Electricity will be required to undertake an 'Accounting Unbundling' exercise which involves separating the accounts associated with various activities undertaken within the business. This is needed to ensure transparency and fairness within the market.
