

How to check battery level on Beats solo3?

You'll find the battery level on the device screen, right under the name of your Beats model. You could also choose to turn on Battery Level Notification on your Android tech. Go to the Settings page and tap Apps, then Beats. Select the Notification category and activate the notification display of your Beats Solo3.

How do I charge my Beats Solo 3 headphones?

To charge your Beats Solo 3 headphones, first, remove the battery by disconnecting the connectors on the right side. Then, connect your headphones to the charger using the charging cable included in the packaging. Your Beats Solo 3 should now charge.

How do I know if my beats solo3 Wireless is full?

On the right earcup of your Beats Solo3 Wireless is a discrete Fuel Gauge indicator that shows the battery status. Check for the five white lights on the indicator, which signals that the headphones are full and ready for use. Once you see all the lights lit up, your device is ready to give you another 40 minutes of music streaming.

Will beats solo3 work without a battery?

The Beats Solo3 will work even without a battery because it sourced its power from the device it is connected to. Consider your headphones as a smaller, more portable speaker. In fact, it is built like one, powered by an amplifier that can process the conversion process.

How long does a Beats Solo 3 battery last?

Thanks to a battery life of 40 hours, Beats Solo 3 Wireless is your perfect everyday reliable headphone. With Fast Fuel, a 5-minute charge gives you 3 hours of playback. Have a great sound and voice experience with on-ear controls and beam-forming mics for some quality wireless listening freedom.

Where is the battery on the beats solo3 wireless?

The battery powering up the Beats Solo3 Wireless is located on the right earcup. This is also the location where you can find the Fuel Gauge indicator and the discrete power button. You can't get this wrong, especially since the opposite side is made up of audio control keys.
