

Which solar chargers have a built-in battery?

Some solar chargers come with power storage capacity by means of a built-in battery. One example is the BioLite SolarPanel 10+2.0 With Onboard Battery.

Which solar charger is best for camping?

The FlexSolar 40W's six panels are quite easy to fold up. The Allpowers SP012 100W is the most portable 100-watt solar charger for camping we've found. This model folds up like a blanket to a size small enough to fit in a backpack. You can fit this solar charger into your trunk, with plenty of room to spare for all your gear.

What is an example of solar panels with an integrated battery?

Some solar panels come with power storage capacity by means of a built-in battery. (The BioLite SolarPanel 10+2.0 With Onboard Battery is one example).

What is Rei Expo?

REI Expo is committed to supporting small and medium enterprises (SMEs) through initiatives like a start-up pavilion and fundraising activities, ensuring that both new and established firms benefit.

Which solar charger should I buy?

The Jackery SolarSaga 100 is our favorite bigger solar charger. This lightweight panel is more affordable than most similarly sized models and performs as well as the best of them. It's user-friendly and effective in full and partial sunlight. When it's time to pack up camp, simply fold up the legs, then fold it in half and pack it away.

Why should you join Rei?

At REI, we believe that a life outdoors is a life well lived. We've been sharing our passion for the outdoors since 1938. Anyone can join and everyone belongs. Benefits include great gear offers, special pricing on events and an annual Co-op Member Reward--for life. Join once, enjoy forever. Outdoor equity, climate action, places we love.
