

What are the best solar battery boxes and enclosures?

Unbound Solar offers durable solar battery boxes and enclosures that are ideal for off-grid or grid-tie with battery backup systems. Browse our selection today. Our Solar Battery Guide will help you size your battery bank properly and keep things running smoothly by ensuring a well-designed system that protects your batteries.

What is a solar battery enclosure?

Free-standing enclosures and floor-mounted enclosures are perfect either for large solar batteries or many batteries that are too heavy to be wall-mounted or pole-mounted. Free-standing battery enclosures could be of any height, width, and depth according to your requirements. They can be portable if you choose to include casters.

What is outdoor battery enclosure?

The outdoor battery enclosure is a housing, cabinet, or box that can be used outdoor and specifically designed to store or isolate the battery and all its accessories from the external environment. Outdoor battery enclosures keep your batteries safe from weather and safe from theft.

Are solar battery enclosures waterproof?

These battery enclosures are watertight, resist dust and dirt—which is standard for solar battery enclosures. However, underground solar battery boxes are thermally stable, and protect the environment from toxic battery leakage. They can have a venting system housed inside a larger concrete box.

Why do you need an outdoor battery enclosure box?

Outdoor battery enclosures keep your batteries safe from weather and safe from theft. Outdoor battery enclosure boxes also feature locking mechanisms that protect unauthorized people against possible electrical dangers if they happen to be tampering with your equipment.

Which solar batteries are suitable for enclosures?

Solar batteries suitable for enclosures can be of the following sizes: 27, 31, U1, 8G4D, 8G8D. These are groups that categorize enclosures based purely on physical size; any correlations with capacity are used as examples. Group 27 batteries are sized 30.6 x 17.3 x 22.5 centimeters. These have 80-100 ampAh.

Solar Electric Supply's years of PV expertise allow us to offer a wide variety of time-tested heavy-duty aluminum outdoor rated battery enclosures for remote industrial applications including ...
