

Should you buy a solar Breeze Ariel?

While older "pool Roombas" required frequent charging or battery replacement, the Solar Breeze Ariel is effortless, all powered by the same sun that causes your tan lines. For those that can afford the luxury, this device will likely pay for itself in terms of time and effort saved on manual pool skimming.

What is solar Breeze Ariel?

Today, Solar Breeze has released the Ariel, an automatic pool cleaning robot that is designed to keep your water clear of debris using nothing but the power of the sun. With a free source of energy and automatic cleaning, what's not to like? What do we think of the Solar Breeze Ariel?

How long should I charge my solar Breeze Ariel?

When you bring your device in for the season, be sure to clean it, dry it, and ensure the battery is not completely used before storing it away. For best results, Solar Breeze recommends charging the Ariel until it is full, and then running the unit for about 30 minutes so that it is stored with a partial charge.

Does the solar Breeze Ariel require maintenance?

Powered by its onboard solar panel, the Ariel does not require a significant amount of ongoing maintenance. However, there are a few key things that owners should do if they'd like to maximize the life of their purchase. To start, we suggest that you take a full look at the current Solar Breeze Ariel owner's manual.

Is the solar Breeze Ariel a good pool cleaner?

Although it is not an all-in-one cleaning solution, the Solar Breeze Ariel saves pool owners the time, energy, or expense of routine maintenance all with the free energy of the sun. We highly recommend the Solar Breeze Ariel. Looking for an alternative to the Solar Breeze Ariel?

What if I'm Not satisfied with my solar Breeze Ariel?

At the end of the day, no product is perfect, but utilizing best practices can help you get the most out of your Solar Breeze Ariel. If you are not satisfied with your Ariel for any reason, you can contact Pivot-Solar Breeze at (623) 582-2825 or customerservice@solar-breeze.com to learn your options.
